

ARBORGEN TAYLOR NURSERY

2020-2021 SCFC SEEDLING PRICE GUIDE

South Carolina
Forestry Commission

ARBORGEN TAYLOR NURSERY

What the SCFC/ArborGen partnership means to SC landowners

The South Carolina Forestry Commission is proud to partner with commercial seedling provider ArborGen on the production, sales and delivery of forest tree seedlings for SC landowners. Taylor Nursery, near Trenton, S.C., is still owned by the Forestry Commission, but ArborGen is now providing management services to operate the nursery.

ArborGen is making capital investments to the facility to increase its production capacity; this unique public/private partnership will guarantee SC landowners improved genetics and quality seedlings for years to come.

Under this partnership, the Forestry Commission will determine seedling production for up to 5 million seedlings annually, with 4.12 million seedlings to be grown in 2020-2021. The Forestry Commission will set prices for these seedlings grown specifically for South

Carolina landowners by ArborGen. The prices in this guide will only apply to the first 100,000 seedlings ordered each year by qualified landowners for seedlings to be planted in South Carolina.

When placing your order, be sure to state if the seedlings are to be planted in South Carolina.

As always, feedback from you on our seedling program is essential. Please supply ArborGen with your email address when placing your order so we can include you in our annual Seedling Customer Satisfaction Survey at the end of each planting season.

For more information, or if you just have questions about this partnership, please contact SCFC Resource Development Director Tim Adams at (803) 896-8802 or tadams@scfc.gov.

And don't forget to ask for South Carolina landowner pricing when making your order!

Cypress, Leyland <i>Cupressocyparis leylandii</i>	32/tray	\$45/tray	5,000
Cypress, Murray <i>var. Cupressocyparis leylandii</i>	32/tray	\$45/tray	5,000

Why you should choose ArborGen seedlings grown for SC landowners...

Genetic quality

Pine seedlings produced for the Forestry Commission are based on our top-rated selections from agency orchards in Jasper County.

Affordable pricing

The Forestry Commission has negotiated price savings for South Carolina landowners into this unique public-private partnership. Payment should be made to ArborGen, but be sure to say the seedlings will be planted in South Carolina.

Christmas trees

Joint research with SC Christmas tree growers has resulted in improved tree selections in support of the Christmas tree community.

Technical assistance

Customers have access to free assistance through our network of professional agency foresters.

An aerial photograph of a vast agricultural field, likely a cornfield, showing rows of green crops separated by brown, tilled soil furrows. The perspective is from a high angle, looking down at the field, which stretches towards the horizon.
